Dear Parents and Children,  
I hope you enjoyed the lovely sunshine over the Easter weekend and managed to eat plenty of chocolate eggs. Teachers will be starting to communicate with the children on line again via their normal

platform over the next few days, providing activities to keep them occupied. I would like to stress again, work and challenges are there to support you and your children at home , I fully appreciate how difficult it is to juggle everything during these difficult times, please do not feel pressured to complete everything, it is there merely to support our families if needed.

As the school closures roll on, I have found some useful websites which you may find helpful to explain the changes which are affecting our daily life. In addition there are some interesting tips to support children who may be concerned about transition to high school. I have attached links below. We are liaising with High Schools during the school closures. Our hope is that schools will re open before the end of the summer term to enable us to prepare the children and support transition. I will keep you updated.

### Support for families during this period of disruption:

<https://www.annafreud.org/what-we-do/anna-freud-learning-network/coronavirus/>
