Dear Parents and Children,

It was lovely to be able to welcome our year 6 children back to school today, they have been extremely sensible, as we knew they would, following the new rules of the kingdom. We are looking forward to seeing the other groups of year 6 return as the week progresses.

To support their wellbeing, all of the children in school belong to different pods or

kingdoms as we are calling them. Each kingdom has a different coloured vest to enable everyone to see which kingdom they belong to. This is helping with physical distancing alongside other measures we have put in place. We will as always support the children in their understanding of the changes and share the things we need to do to continue to keep safe.

### Reception Return week beginning 15th June

In line with the government guidelines we are aiming to invite reception children from Willow and Holly back to school on their allocated day from the week beginning 15th June. School will start for these children at 9.00 until 3pm. In our ambition to keep the children as safe as we can the children will be taught in small groups. I completely understand your concerns as parents about returning to school, whilst we have done our utmost to prepare for the children to return, I fully support you in the decision you make concerning your child. **As a reminder**, we have planned for all of the children (excluding year 6) to return in September to their old class before we gradually transition into their new year group.

### School Reports

Staff are currently writing the school reports, which will be a shorter format this year, due to the reduction in curriculum coverage. We are aiming to send these out to families at the beginning of July via parent mail as usual.

### Exciting Projects Planned for August

We are very pleased to share with you that we are planning to have all of the key stage one and lower key stage two toilets refurbished in the summer holidays. We are also expecting the boiler to be replaced, which is long over due. It will be a lovely fresh start to the new school year. Please contact school if you need any support, we are here to help.
